

Aarnav Vaghasiya

[Java Developer - Fresher]

Ahmedabad | 9510834377 | [Linkedin](#) | aarnavvaghasiya129@gmail.com

OBJECTIVE

Aspiring Software Developer with a solid foundation in both front-end and back-end technologies. Proficient in Java, Spring Framework, and Spring Boot, with hands-on experience in developing and managing backend systems and front-end interfaces. Demonstrated ability in containerization with Docker, cloud services with AWS, and version control with GitHub. Seeking an entry-level position to leverage my skills in Java, Spring Boot, Hibernate, and microservices, and contribute to innovative projects in a dynamic tech environment. Committed to continuous learning and applying best practices in software development.

Java Intern

Qspiders -Ahmedabad

July 2023-August 2023

- Worked on FrontEnd Technologies
- Designed an Ecommerce web-app using HTML,CSS,Javascript.

PROJECTS

ExpenseManager

Project Description:

Expense trackers, also known as expense managers or money managers, are software or applications that help keep an accurate record of money inflow and outflow. They can help users monitor their spending patterns, categorize spending, and gain insights into financial habits. Expense management software can also help businesses track and monitor expenses in real time, which can help identify cost-saving opportunities and prevent overspending.

Tools and Technologies:

- HTML, CSS, Javascript
- Java ,SpringFrame, SpringBoot, Hibernate, Jsp/Servlet
- MySQL
- GitHub

CERTIFICATIONS

- [DataMining Pipeline](#)
- [AWS Cloud Technical Essentials](#)

EDUCATION

[Sal Engineering](#)

B.E. in ICT(Information and Communication Technology) - May- 2024
